GALLERY!

No. 221 1-2 EAST WATER ST., (Empire Block) to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes.

Mr. Horn is a Painter by profession, and invites public attention to his style of painting Photograph. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and softness of touches, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on ivory.

Republican State Convention.

THE REPUBLICAN STATE CONVENTION will be held at the Capitol, in Madison, on Wednesday, the 4th day of June A. D. 1856, at 12 o'clock M., for the purpose of choosing six delegates for the State at large, and three delegates for each Congressional district, to represent the State of Wisconsin in the Republican National Convention, to be held in Philadelphia in June next; for the nomination of two candidates for Presidential Electors for the State at large; and for the thorough re-organization of the Republican party in the State.

Each Assembly district in the State will be entitled to two delegates in said Convention.

In view of the importance of the approaching Presidential campaign, and of the necessity of a thorough organization, the committee would urge upon the friends of the cause throughout the State the propriety of taking immediate measures to secure a full representation in this Convention.

The Committee would respectfully suggest that the several Assembly District conventions for the appointment of delegates to the State Convention, be held at 2 o'clock P. M. on Saturday, the 24th day of May next.

WM. A. WHITE,
Chairman Republican State Central Committee.

NEWS OF THE MORNING.

We have some further particulars, this morning, of the recent Border Ruffian outrages in Kansas, the illegal arrest of Gov. Robinson, and the indictments for TREASON found against leading Free State Men. The day of reckoning, for all these intolerable wrongs, is at hand.

Congress has passed the appropriation for enlarging the Government buildings in this City, as also the bills for improving the St. Mary's River, Michigan, and the mouth of the Mississippi.

Mr. BUCHANAN's political character is under discussion in the House of Representatives; his friends trying hard to make out that he is an reliable a Doughface as PIERCE or DOUGLAS.

Mr. HERBERT, the M. C., who shot the head waiter at the National Hotel, Washington, in a disgraceful affray, has been held to bail in the sum of $100,000, to stand his trial for manslaughter.

We have from Washington the rumor of a very serious disagreement in the Cabinet on the Nicaraguan question and the proposed recognition of the Filibustering Government set up by Walker.

Mr. BUCHANAN is formally in the field as a candidate for the Presidency, on the Pennsylvania platform.

The proceedings of an important Railroad meeting at Fox Lake, will be found in to-day's paper.

Sundry news items will be found under the telegraph and local heads.

See our advertising columns for many new business notices.

Veto of the Railroad Ordinances.

We published, yesterday morning, the Message of Mayor CROSS returning to the Common Council, with his reasons for withholding his approval, the two ordinances authorizing an issue of the City Bonds to the amount of $200,000, in aid of the Milwaukee and Beloit and the Fox River Valley Rail Roads.

The crowded state of our columns obliged us to content ourselves with briefly calling attention to the Message, but it deserves further and fuller notice. It is a document which does the Mayor great credit. He has shown that he is not afraid to take the responsibility, and he has given good reasons for his course. Much as we desire to see the Rail Road connections between our city and the interior of our State multiplied and extended, it is not to be denied that the public credit has been strained quite far enough in the effort to aid these various enterprises. It may well be doubted indeed, whether bonds issued by our city in aid of any new Railroad project could find purchasers except at rates ruinously low, and the effect upon the credit and reputation of Milwaukee, of having her corporate bonds hawked about at 20, 30, or 40 per cent discount, would be disastrous. Upon the ground of public policy there we think the Mayor justified in the step which he has taken. And when to this consideration is added the higher and stronger one of the *public faith*—the faith substantially pledged to the present holders of our City Bonds that we would not issue more than a certain amount of such bonds—the argument becomes unanswerable and the duty of an upright and conscientious magistrate clear and imperative. Mayor CROSS has met the question fairly and has done his duty like a man, and we give him credit accordingly. There is no doubt that the tax-payers of our city approve and will sustain his action.

But tho' Milwaukee will issue no more City Bonds in aid of Rail Road enterprises, her citizens must see to it that the lines already in progress are pushed to successful completion, and that such additional ones as the exigencies of trade or the interests of the city clearly demand, organized and commenced. Private means must take the place of public securities, and private, instead of public credit, be relied upon to draw capital from abroad. Our Rail Road system is under good and safe headway. The lines already opened and in operation are doing surprisingly well. Their success, thus far, exceeds our most sanguine expectations. And when our comparatively isolated system is linked by the Detroit and Milwaukee Railway to the great chain of roads thro' Canada, New York and New England, a new impulse will be given to all our Rail Roads, as to every industrial interest of the State, and capital in abundance, instead of waiting to be invited, will seek investment in this most promising field. The future fortunes of our State and City are, indeed, secured and can only be perilled by our own bad management, for bad faith.

The Mayor's *Veto* points out one rock ahead, and by exposing the danger, has, for the present at least, averted it. Let us remember, and profit by the lesson.

Grave Aspect of Affairs in Kansas.

The telegraph appises us of further outrages committed by the Border Ruffians and their backers upon the Free State men of Kansas. Gov. ROBINSON, going East with his family, on private business, is arrested and forcibly detained by a Missouri mob at Lexington, on the impudent pretext that he was running away to avoid an indictment! The Members of the Free State Government and of the State Legislature have been indicted and are about to be arrested and tried, for constructive TREASON, in refusing obedience to the laws enacted by the Border Ruffian Legislature from Missouri. And a portion of the Standing Army of the United States is employed in enforcing these odious and illegal enactments, and trying to "crush out" Freedom in Kansas! To suppose that the Freemen of Kansas will submit to these intolerable wrongs, or that the People of the United States will fail to call to strict and stern account the Administration which encourages and exenses them, is to suppose that the Spirit of Seventy-Six no longer exists, and that Americans of the present day and generation are utterly unworthy of the gallant sires who fought and bled at Bunker's Hill, and made Independence Hall ring with the immortal DECLARATION.

PROFITABLE ADVERTISING.—The statistical return of Providence, R. I., show that patent medicines are manufactured there by the thousand barrels. Two establishments of this description in that city render the enormous product of 1000 barrels and 433,000 bottles of medicines, amounting to $700,000.

RAILROAD MEETING.—We publish below, a letter from a correspondent at Fox Lake, giving a full account of the proceedings had at the meeting of the stockholders of the La Crosse R. R., called together in consequence of the change of the route of that road, leaving Fox Lake to the North. It will be seen that these interested feel much aggrieved, as they hold that the Company is under pledges to them to pass through on a certain line, and has taken up a large amount of stock in view of that location. We trust that some means may be soon found to settle the existing difficulty, as we do not wish to see this important line delayed a moment on it way westward. We presume that this Company, like others in charge of similar enterprizes, is governed, in the location of its line, by considerations of public policy; and that the change of route complained of has been made, because a shorter, or better one had been found.

Correspondence of the Sentinel.

The Railroad Meeting at Fox Lake.

Messrs. Editors :—In pursuance of a previous notice to the Stockholders of the La Crosse and Milwaukee Railroad, in relation to the location of the route from Beaver Dam to Portage city, a large and enthusiastic assemblage from the towns of Fox Lake and Trenton, in Dodge county, and Randolph and Courtland, in Columbia county, convened at the Hall of the American House, in the village of Fox Lake, at 2 o'clock P. M., on Friday the 9th inst.

Four hundred persons, mostly Stockholders, were present on the occasion; and the meeting passed off with a good deal of excitement and the utmost unanimity and enthusiasm.

The objects of the meeting were ably and briefly stated by Dr. STODDARD JUDD, late President of the road. He mentioned that on Saturday last he received an official document from the Secretary of the La Crosse & Milwaukee Railroad, notifying him that the Board of Directors had, in their wisdom, seen fit to change the route of the road from Beaver Dam to Portage City, and that, instead of going by the way of Fox Lake, as before contemplated, and where the road has been definitively and permanently located for two years past, they had determined to cross Beaver Dam Pond, and thus leave Fox Lake some six or seven miles from the line of the road. The Doctor then stated that they had convened for the purpose of conferring with one another as to the plan to be adopted in yet bringing the road to Fox Lake, whence it has so abruptly and unexpectedly been taken by the present Board.

A committee of five were appointed to prepare an address to the Stockholders and the public, which was afterwards read by the Chairman, and will soon be presented to the people. It was an able document, setting forth the true state of the case, showing clearly why the road should come by Fox Lake, repudiating the recent action of the Board, and evincing a bold determination to maintain and defend their rights at all hazard. The address was unanimously adopted by the meeting.

Another committee of five were then appointed to draft resolutions expressive of the views of the meeting, which were read and unanimously adopted, and will be presented to the public with the address.

Speeches were afterwards made by Messrs. Barron, Ferguson, Smith, Dawes, Morgan, Converse, and many others from the various towns, all expressing in the strongest and most unmistakable manner, their firm determination to stand by and maintain the true interests of the road, in opposition to all its enemies, Director, or others. They pledged to each other their money, their farms, and their fortunes in the cause, if necessary. If the Board of Directors could not be induced by petition to permit the construction of the road on the former permanent route, they were ready and willing to test the efficiency of our laws to compel them to duty.

A subscription was then opened to raise funds in promotion of the ends of justice—to be used if required. In a few minutes time, between *twenty and thirty thousand dollars* were subscribed.

The meeting then adjourned to meet on Saturday, the 24th of May.

FOX LAKE, May 9th, 1856.

LT. GOV. KOERNER, OF ILLINOIS.—Not long since, this gentleman, a German by birth, having manifested symptoms of humanity and a determination not to be drawn further by his party (democratic) friends, into the support of Douglas, Richardson, and their Pro-Slavery associates, the Peoria *Banner* published an article urging him to stand fast with the party, and holding out temptations of political preferment.

To this Mr. KOERNER has replied in an admirable letter, in which he says:

You wish that I should remain in the political field, and not ruin my pro-pects, both for my own sake and also for the sake of my countrymen. My dear Sir, I know not that the Germans wish to see one of their countrymen in high political position; but so much I know well, that the great majority of my fellow countrymen would not choose to purchase such a distinction, if it may be so regarded, at the sacrifice of the genuine conviction of my mind. No people have a higher opinion of manly consistency in politics than the Germans; no people are slower to pardon a political weather-cock. A German who should reach the highest point of honor in the land, by sacrificing his convictions and *favoring the extension of Slavery*, would find his name branded both here and also in that old country which gave us life and to which we are so far bound as to see that, though the conduct of no one of its sons, shall it ever be degraded.

We believe that Lt. Gov. KOERNER represents the sentiments of a very large number of his countrymen in the manly letter from which the above is taken.

THE PRAIRIE DU CHIEN COURIER.—Our old Foreman, V. A. W. MERRELL, has become the proprietor and assumed the charge of the Prairie Du Chien *Courier*, and the first number, issued under his auspices, reached us yesterday. Mr. MERRELL is a first-rate printer; an energetic and industrious man, and a useful citizen. He has made a good choice in selecting the rapidly growing town of Prairie du Chien, as the place of his future residence, and will, we hope, prosper abundantly. The *Courier* is a good advertising medium for our Milwaukee merchants. Its political position is thus defined in the editor's salutatory:

Politically the COURIER will be democratic in its tone. Thus much might have sufficed at an earlier day, when the democratic party was more united, now, however, it is proper to say, to prevent misunderstanding, that so far as we are able to follow in the old and well worn path trodden by the recognized patriots and statesmen of the democratic party, we shall do so. No new and false light shall lead us off into the support of those having governmental trusts committed to their care, who prove false to the interests of the Great West, or to freedom in national politics.

THESE "REPUBLICANS!"—One of the proprietors of the Janesville *Free Press* has absconded, stealing from the other proprietor the only clean shirt he had, two gold pins, a pair of boots and a pair of over-shoes. The Free Press is a "republican" paper, and the absconded editor was an enthusiastic supporter of Buchanan and the Supreme Court.—*Madison Argus.*

The same paper which publishes the above, mentions that the *deficit* in the Treasury is about THIRTY THOUSAND DOLLARS, and that both Ex-Treasurer JANESEN and Deputy SEAVER are under *indictment* therefor. Those indicted officials are both Democrats and enthusiastic supporters of Buchanan and the Balance. These "*Democrats!*"

DEMOCRATIC FREE PRESS.—We have received the first number of a paper, bearing this title published at Appleton, Outagamie County, by S. H. BRADY. It is remarkably well printed, edited with spirit and ability, and decidedly an accession to the Wisconsin press. In politics, it is decidedly Anti-Nebraska, and for Right, Freedom and Temperance.

THE "MISSISSIPPI HOUSE" AT LA CROSSE.—A friend who has recently visited the flourishing village of La Crosse, desires us to say that the Mississippi House, kept by Mr. R. J. JONNSON there, is as well kept as any Hotel in the State, and offers a clean and comfortable home to all travellers and tourists.

How the "Border Ruffians" Talk.

[From the Quincy Gazette, May 3.]

The following editorial article, taken from Stringfellow's *Squatter Sovereign* of April 28, is doubtless a fair sample of the tone and temper of Border Ruffianism in Missouri and Kansas. It will be seen that this notorious leader of the Pro-Slavery forces clamors for "*Settling* LAWRENCE and chastising the Traitor there congregated," even though it result in the "total destruction of the Union." The *News* should call its yoke-fellow STRINGFELLOW to order. Such language must shock the violence-hating and peace-loving saints of that establishment:

HO THERE'S AGAIN COMMENCED IN KANSAS.—Kansas is once more in commotion—the traitors of Lawrence have again set the laws of the Territory at defiance, and this time have added murder to their crimes. Sheriff JONES, of Douglas county, than whom a braver man never lived, has been murdered whilst in the performance of his official duties—shot down by the thieving paupers of the North, who are shipped to Kansas to infringe upon the rights of Southern settlers—murder them when opportunity offers—steal their property, and, if possible, to raise a storm that will cease only with the Union itself.

The excitement in this city during the past week has been very great. Rumors of various kinds have reached us, and although we believe a difficulty had occurred, we were not prepared to hear of such lamentable news—the death of the patriot JONES. HIS DEATH MUST BE AVENGED. HIS MURDER SHALL BE AVENGED, if at the sacrifice of every abolitionist in the Territory. If the pro-slavery party will quietly sit still and see our friends, one by one, murdered by those assassins, without raising their arms to protect them, we must mistake their character. Will they again allow a *Northern Go-ernor* to cheat them out of their just revenge? We answer emphatically, NO! If the Governor of this Territory and the Administration at Washington, any longer attempts to force or to screen the perpetrators of outlawry, before we can have justice done us, the cost of such a contingency must be better. *We are now in favor of Settling Lawrence, and chastising the traitors there congregated, should it result in the total destruction of the Union.* If we are to have war let it come now! While the memory of our murdered friends, Clark and Jones, are fresh in our memories, we can coolly and determinedly enter into the contest, let it result as it may. We do not approve of the Governor in calling out the United States troops to enforce the laws of the Territory. It looks to us as a virtual admission that the law and order party of Kansas are not strong enough within themselves to enforce the law.

ANOTHER MILITARY COMPANY.

Our young friends from South Carolina, who have settled in this city, wishing to be in a situation, when called upon, to render the best service possible to the officers of the law who might need their assistance in punishing abolitionists and other offenders, have within formed themselves into a Rifle Company, and elected as their Captain, a graduate of the South Carolina Military Academy. A finer body of men we have never seen together, and if they do not prove efficient soldier, we are no judge of the ability of men. Should this Company ever be called out against the traitors of Lawrence, terrible, indeed, will be the effect. As the Palmetto Regiment in Mexico were to the Mexicans, so in Kansas will the Palmetto Guards be to the Yankees—a terror to our enemies, the pride of our friends.

THE GOVERNMENT BUILDINGS.—The House of Representatives on Monday *concurred* in the Senate amendment to the joint resolution for the enlargement of the Custom House, &c., at Cleveland. This amendment provides for a similar increase in the size of the buildings and the amount of the appropriations at Detroit, Milwaukee and Dubuque. The resolution now only lacks the signature of the President. We again repeat the hope that the additional appropriation asked for having passed Congress, the Contractors on the Government Buildings will go to work *promptly*. There is no conceivable excuse for any more delays.

Kansas to be a Slave State.

Correspondence of the St. Louis Republican.

WESTPORT, April 29.

Hurrah for Georgia! Hurrah for Alabama! Hurrah for South Carolina and Tennessee! And why hurrah for them? Because they are doing their duty. Now, there are in this vicinity, lately landed from boats, over five hundred, per hapi more, emigrants from those four States.—There never was such a crowded country; every hotel is more than loading over. There are not half enough public houses to entertain them, and the citizens of this place have turned out to get the immigrants comfortable places for lodging. All the vacant houses and tenantless rooms of every description have been furnished Major Buford, for it is the bulk of his company that, at this time, makes the crowd. Add to all this that to-day, the F. X. Aubry arrived with a large number more of Southerners, and that they are likewise landing in great number at Leavenworth and Atchison, and you can see what the South is doing. If these things continue long, there will be no struggle at all for the South is now in several hundred ahead of the North in regard to this Spring's emigration, while, at the same time, the South is increasing every day, and the North falling off. To day, the Yankee hotel at Kansas City looked somewhat like a "banquet hall deserted," none of the Southerners, scarcely, to stop there. The healthy reaction that seems to be taking place in the North, is stopping to a certain extent the flood of Abolitionism that threatened to overrun us.

We commend the above to the special notice of those "Doughface" organs, which insist that there is no danger of Kansas becoming a Slave State, and no necessity for any aid from the North to secure it to Freedom.

SOMETHING OF A CHANGE.—The Albany Evening *Journal*, remarking upon the change wrought in public sentiment by the Nebraska Iniquity, says:

When the Nebraska Bill was passed there were but four Governors in the Union who were not "Democrats" and supporters of the Administration. Now there are but four Democratic Governors in all the Northern States.

Gov. Metcalf of New Hampshire, Gov. Royce of Vermont, Governor Gardner of Massachusetts, Gov. Hoppin of Rhode Island, Gov. Minor of Connecticut, Gov. Clark of New York, Gov. Pollock of Pennsylvania, Gov. Chase of Ohio, Gov. Bingham of Michigan, Gov. Grimes of Iowa, and Gov. Bashford of Wisconsin, are all Anti-Administration men, all owe their election to the free soil sentiment of their respective States, and all or copy seats that a short time ago were held by Pierce and Douglas Democrats. The rule thus broken will never again be inaugurated in the North.

ARRIVAL OF THE NORTH STAR FROM LAKE SUPERIOR.—The steamer *North Star* arrived from Ontonagon last evening. She passed the Sault Canal westward on the 5th inst. There was no ice in the Sault River, but she found large quantities of it in Lake Superior. Large fields of ice, miles in extent, apparently unbroken, were seen in the Lake not far from White Fish Point.

A portion of Carson's pier at Ontonagon had had been carried away by the ice, so that boats will have to employ lighters to unload freight at present. The piers of the harbor improvement for opening a channel through the sand bar at the mouth of the river had remained firm through the ice season, and are being extended out so that strong hopes are entertained that vessels and steamers will be able to enter the river within sixty days.

Nothing particularly new in mining matters.—At Marquette preparations for shipping iron ore are completed, and a large business in that line, this season, is anticipated.—*Detroit Free Press*, May 11.

ENCOURAGING FOR KENTUCKY.—Kentucky begins to feel the burden which Slavery heaps upon her, keeping her down while her younger sister, Ohio, across the river, is growing to great proportions through the impulse of freedom. The following from the Newport *News*, which labors for the abolition of Slavery, shows an encouraging state of things in Kentucky:

"Should subscriptions continue to come in for six months as they have this last week, Slavery may begin to look about in vain for neighbors in Kentucky; and if our working men, mechanics, and friends of education do their duty, our State will elect Anti-Slavery men to the next State Legislature at the next election in spite of the Slave power. There is a stronger determination for freedom in Kentucky than slaveholders imagine.

"Slaveholders are also sending their names and money for 'THE KENTUCKY WEEKLY NEWS,' and there is no planer proof than this that many of them hate the position into which circumstances have thrown them with regard to owning slaves.

WHEAT.—Winter wheat in this section of the State never looked better, nor gave more promise of a rich harvest. Spring wheat looks well, and the farmers look particularly pleasant and smiling over such promising appearances. With a favorable season our farmers will hardly fail of reaping an abundant wheat harvest. Rye, also, looks particularly well in this neighborhood.—*Wyandotte Gazette.*

Shipwreck and Awful Suffering at Sea—Ten Lives Lost—Narrative of Captain Rudolf.

We have by private hand news from St. Johns to the Labrador. The seal fishery had so far been pretty good. About forty—one-fourth of the whole fleet—had arrived, with about 100,000 seals. It was feared, however, that the remainder would meet with but indifferent fortune. A dreadful shipwreck had occurred to a vessel commanded by Captain Rudolf, well known among us.

The British bark Blake, of 800 tons, Edward Rudolf, master, belonging to Messrs. Finne, Brooks & Co., of Liverpool, England, sailed from Shipwland Harbor, State of Missi-sippi, Unit d States with a cargo of pitch pine deals, bound to Cork for orders, in fine trim and beautiful order on the 5th of February last, with a fine fair wind and weather, with every hope of making a good and pro-perous passage.

On the 15th during a snow storm, she was capsized; seven were washed overboard, the decks burst open, all the hatches washed off, and every article of provisions carried away. The remainder of those on board were without food or drink for five days; on the eighth day a small cask of water was got at, and a half drowned rat was caught and devoured; afterwards a man died and his body was received to be eaten, and was actually eaten in part, when on the ninth day after the disaster, the schooner Pigeon, of St. Johns, N. F., hove in sight and rescued the sufferers. Eight persons were washed overboard, two died of cold and starvation, and seven were saved.

The Empress Josephine and Eugenie.

A Paris correspondent of the Washington *Union*, closes a letter with the following paragraph:

No flatterer, in verse or prose, could render the Empress Eugenie a happier mother or proud-r wife than she probably is at Fontainebleau. Her contribution of an heir to the Emperor must have added to the claims which her beauty and accomplishment have already laid upon him.—She had reason to be gratified moreover at the extraordinary honor lately conferred upon her, the order of the Star Cross—*Stern-Kreuz Orden*—accompanied by a letter from the Austrian Empress's mother, Caroline Augusta. When her imperial husband announced his marriage to Europe, he adroitly warded off all censures upon his choice of a wife by glorifying himself in the title of *parvenu*. His brother monarch of Austria could not have given a more striking proof of the consideration in which Napoleon III. is now held in Europe than by receiving to treat his consort as if she had been of imperial or royal descent. The *Stern-Kreuz*, which is worn only by ladies whose pedigrees have, during a long series of years, been without spot and blemish, was therefore sent to the Empress of the French. No lady of imperial or royal descent more richly deserved all the honors which courts can bestow than this charming granddaughter of a worthy Scotchman, who acted as an American Consul under three successive Presidents. She is gifted with the impulsive good nature of Josephine, whom, it was hoped, and not without reason, she would replace in the affections of the people. It is said that another coincidence assimilates the wives of the uncle and of the nephew, that as a negress of the Antilles predicted the future elevation of the Creole maiden, so a Spanish gitana or gipsy foretold that of the Andalusian beauty.

A Day of Disasters at Washington.

Correspondence of the N. Y. Tribune.

WASHINGTON, Thursday, May 8, 1856.

This has been a day of disasters. This afternoon the editor of *The Star* was assaulted by Mr. Hall, and knocked down with a cane.—Mr. Wallach drew a revolver, but finding his assailant in the hands of a third party, forbore to fire.

The Star's account, this evening, of the matter at Willard's Hotel, exhibits it in a most unfavorable light for Mr. Herbert. The investigation is going on and a large crowd is assembled.

Mr. Giddings suddenly fell in a fainting or apoplectic fit while addressing the house about 12½ o'clock to-day. He had commenced a speech on the Deficiency bill, and was vehemently denouncing the appropriation of twenty-six thousand dollars to defray the expenses of the Ohio Marshal, Mr. Robinson, in rescuing the heroic slave mother and her children from Cincinnati. Mr. Giddings was interrupted at the moment by Mr. Campbell of Ohio, but he declined yielding the floor, saying that it was a subject which so moved his feelings and filled his soul that he would not yield the floor, even to a friend. He proceeded to say (his enthusiasm rising as he proceeded) that he would refresh the memory of the house by a history of that transaction. He had just reached out his arm in intense gesticulation, when he suddenly grew purple in the face and fell to the floor. Several members immediately rushed to his assistance, among them Mr. Humphrey Marshall, of Kentucky, who carried Mr. Giddings's temples and head bathed in cologne, when the latter quickly revived and was led to an open window in the lobby, where he soon recovered sufficiently to go to his lodgings. The House at once postponed the business under consideration.

Mr Giddings has felt but little inconvenience from his attack. At the end of an hour and a half he went on and finished his speech, though not without exciting the apprehension of his friends.

COMSTOCK AGAIN.—One Russell Comstock, known to fame hereabouts, is making ready for his spring tour, and gets the following first rate notice in the N. Y. *Times*. Our country readers are expected to hold themselves ready for "a partial disclosure."

MYSTERIOUS.

The *Evening Post* contains a mysterious letter from one Mr. Russell Comstock, headed "Terra Culorre," in which that gentleman offers to make certain "full or partial disclosures" to fifty people at two dollars a head. What these mysterious disclosures are about Mr. Comstock does not condescend to say, but he says if there are less than fifty persons, and they cannot raise a hundred dollars amongst them, then he will only give "a partial disclosure, such," he adds, "as I usually give before dinner."

Comstock evidently knows what he is about. He knows that men are in the habit of growing confidential after dinner, and that perhaps if he were to see his friends about that time, the disclosures would be too full for the money. Hence he usually gives "such as usually gives before dinner." He adds in a postcript, "At every place where I lecture, I enquire at the Post-Office for letters." This is most gratifying intelligence. We trust that Mr. Comstock does not put much faith in Post-Offices; for, if he does, he will often be doomed to disappointment.

"STURGEON BAY AND LAKE MICHIGAN CANAL CO. At the first meeting of the Directors held at Monroe on the 6th inst., the company organized by electing officers as follows:

President—Hon. Alex. Deane Doty of Milwaukee.

Secretary.—Robert F. Winslow, Fond du Lac.

Treasurer.—Aaron H. Cronkhite, President of the Winnebago Co. Bank, Neenah.

Attorney.—Aaron Ballard, Esq., Appleton.

DIRECTORS.

Hon. James D. Doty, Robert F. Winslow, Abraham B. Brown, Edward Smith, Samuel Hale, Jackson Hadley, J. P. Loy, John Day and Aaron Ballard.

The office of this Company for the present, will be kept at the residence of the secretary in Fond du Lac.

The books of subscription to the Capital Stock will be opened at the Winnebago Co. Bank in Neenah, on Tuesday, 27th May.—*Fond du Lac Union.*

UNPRECEDENTED DIGNITY.—The National Med. Association, have inserted in their code of medical ethics, an article which declares it to be derogatory to the dignity of the profession to resort to public advertisements, or private cards, or handbills, inviting the attention of individuals afflicted with particular diseases, publicly offering advice and medicine to the poor, gratis—or promising radical cures and remedies, or adducing certificates of skill and success, or performing any similar acts.—*Exchange.*

If it were not for the intense devotion to false ideas of the "dignity of the profession," on the part of many of its members, the public would have more confidence in the regular faculty, and pay less attention to quacks.

NEW YORK SHIPPING BARLEY TO WISCONSIN.—The Oswego *Palladium*, of May 10, says:

The only sale we have to note is 2000 bus. of Canadian Barley, in two lots, at $1,1cal,20, for Milwaukee. This is a new feature in our market. There is considerable demand for the article West for brewing liger beer.

The demand is far in excess of the supply. Barley commands almost fabulous prices, as high as $1 75 per bushel having been paid here for choice qualities, and $1 50@$1 60 for fair.

ERIE CITY BANK.—The Erie (Pa.) *Observer* of May 10 contains the following paragraph in regard to this bank, which may be of interest to many of our readers:

ERIE CITY BANK.—By advertisement in another column, it will be seen that, at a meeting of the Directors of this Institution on Wednesday, a semi-annual dividend of four per cent was declared. Altogether this is one of the safest and best managed Banks in the country.

SCHR. J. LAURENCE.—The steam pump was taken down to the Schr. *Laurence*, mentioned in our last as a here north of the pier, and she will probably be got off with damage not exceeding two or three hundred dollars.

Late from Lake Superior—Navigation Opened.

We were favored with a call on yesterday by Mr. Leopold, of the well known business firm of H. F. Leopold & Brother, Eagle Harbor, Lake Superior. Mr. Leopold came down to Detroit on the steamer North Star, where he arrived on Saturday evening last. The North Star arrived at Eagle Harbor on the 9th inst. The ice in the harbor would not admit of her getting inside—She went on to Ontonagon and returned. On the 7th inst. the propeller Manhattan arrived at Eagle Harbor, and succeeded in ploughing her way in through the ice. The Manhattan was the first steamer through the canal. The North Star next, and the steamer Superior, from this port, next. The Superior was first in the St. Mary's River, and would have been the first, by two or three days, through the canal, but for getting on the rocks about 25 miles below the Sault. She was got off, however, without damage, after hoisting her of 500 barrels of freight. The North Star met her on the 8th inst. between Eagle Harbor and Copper Harbor, going ahead finely. The Planet was also met at the Sault on the 5th.

Mr. Leopold thinks the Superior will be delayed by ice in making the head of the lake.

We learn from Mr. Leopold that the stock of provisions on Keweenaw Point was well nigh exhausted when the steamer arrived. The same is true, we presume, of every other locality on the Lake. At Superior City, our readers well remember, the country had become somewhat pinching early in April. We trust, however, that the steamer Superior has relieved their wants ere this. Mr. Leopold gives encouraging accounts of the mining interest of the country. A great deal of copper has been raised during the winter, and a good show of silver veins in most of the mines.—*Chicago Dem. Press*, of yesterday.

KANSAS.—Our latest information from Kansas Territory is, that Col. Sumner has returned with his troops to Fort Leavenworth, from which they will not be called, unless in a case of great emergency. The people of the Territory are in an angelic state, and almost every day outrages are being perpetrated by the Free State people, in order to bring on hostilities. The execution of civil process in Lawrence is entirely out of the question—they defy all attempts of the kind. How long will this anomalous condition of things be permitted to last?—*St. Louis Rep.* 10th inst.

Just so long, probably, as Missouri undertakes to *force* her laws and institutions upon the People of Kansas.

SABBATH SCHOOL CHILDREN IN NEW YORK CITY.—The children attending the various Sunday Schools of New York had their anniversary last week. Over *sixteen thousand* of them marched in procession by divisions to ten of the largest churches of the city, where appropriate exercises were held. The streets were filled with their pleasant faces, exciting much attention, as the "children of a larger growth" made way for them in the crowded thoroughfares.

LOOK OUT FOR PICKPOCKETS.—Yesterday Benjamin Ellenwood, bound for Oshkosh with his wife and five children, breakfasted at the Railroad Hotel, where he either lost or was robbed of his pocket-book containing $140 in money and his railroad tickets to Milwaukee. He and his family are left here penniless. On the morning train from Pittsburg a woman was robbed of her purse. At the Depot a German had his pocket picked of $40. A lady coming up town in an omnibus had her purse taken from her pocket.—Three men, suspected of being pick-pockets were arrested at the depot.—*Cleveland Herald*, 10th.

RAILROAD TIES.—We are informed that about 50,000 railroad ties were run up the river in Jefferson County, to-day, for rafting, the greater portion of which are to be landed at Montrose, for the Chicago, St. Paul and Fond du Lac Railroad. Some of them are to be left above this city for the Milwaukee Road, and many are to be taken to Beloit and below that city. Several "cribs," containing about 250 ties each, have already passed down. After coming over the dam in this city, rafts-men will do well to bear towards the east bank of the river, and thereby "avoid the rocks and shoals upon which others have been shipwrecked."—*Janesville Free Press.*

DEATH OF WILSON, THE BURGLAR.—John Wilson, the notorious burglar, who broke jail at this place several times last year, was shot by one of the guard, at the Iowa Penitentiary, on the 6th instant. It seems that he, with four other prisoners attempted to escape, when the keeper shot him dead and wounded one or two of the others. The others were soon taken and brought back to look at the dead body of Wilson, the leader of the gang.—*Waukesha Plaindealer.*

SOUTHERN WISCONSIN RAILROAD.—The company are driving on the work with a great deal of energy. The excavating and grading on the line west of Janesville is progressing as rapidly as possible. We see it announced that proposals will be received for building the freight depot. The building will be two hundred and fifty feet long and a little wider than the depot of the Milwaukee and Mississippi Rail Road on the east side of the river.—*Janesville Free Press.*

STEAMER FROM PITTSBURG TO APPLETON.—The steamer *Appleton* arrived here on the 8th from Pittsburg. She was purchased at Pittsburg by Mr. Green, of Oshkosh, and is run between this place and Berlin. Capt. reported that he found no trouble navigating the Wisconsin.—*Appleton Free Press.*

MARRIED.

CITY MATTERS.

POLICE COURT, MAY 13.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Jeremiah Coleman, drunk and disorderly, fined $3 and costs; Frank Auer, disorderly, fined $2; Charles Franker, Hugh Kennedy and J S Campbell each fined $1 for being drunk; P. Finnegan discharged for want of prosecution; John Ellis, fast driving on the streets, fined $5; Patrick Malone, fast driving on bridge, fined $2; John Wauke, charged with an assault and battery upon Louis Klee, case was dismissed for want of prosecution.

ASSAULT AND BATTERY BY A CLOTHING MERCHANT.—Alexander Nathan, a Clothing merchant on East Water street, or in the employ of one, was brought up and convicted of a disgraceful assault and battery upon Peter Bever, and fined $10 and costs. The complainant went into the store of the defendant and sought to buy a carpet bag, or satchel; defendant named the price, when complainant offered him eleven shilling, which was less than asked. Defendant refused the offer; complainant left the shop; defendant followed him into the street and after some talk said he complainant could have it; the latter then refused to buy it at all; defendant then struck him, knocked off his hat, &c. Complainant obtained a warrant which resulted as above.

A TOUCH OF SCIATICA.—A woman named Eliza Brennen was brought round from the Watch House in the afternoon by Policeman Sprague, charged with being drunk. The officer stated that she was not very drunk when brought in. On being asked by the Police Justice as to the drunkenness, she remarked: "My brother was after coming home from the Lake Shore "dippo" and he, rent for a quart o' beer, Sur, I'm subject to a pain in my hips, and I didn't know but the beer might remove it, Sir; an' you see the beer was too powerful, Sir, and it completely overcome me, Sir." After a reprimand the woman was discharged without a fine.

THEATRE.—RICHARD THE THIRD.—Miss SUSAN DENIN, with Thorne's Star Company, continues to attract good houses at Young's Hall. The Manager deserves encouragement and success by the taste he displays in his selections, and the care with which they are produced while the leading members of the Company merit great praise for the spirit and effect with which their different characters are sustained. Mrs. and Mr. THORNE, Mr. MENAYER, Mr. LEFFINGWELL, and Mr. THORNE himself are all excellent in their several ways, and are established favorites with our Theatre-going public. Miss DENIN confirms the good impressions which she made the first evening of her engagement.

To-night, Richard the Third is to be produced, Mr. THORNE as Richard, Miss DENIN as Queen Elizabeth, and Miss THORNE as Lady Ann. In the afterpiece of "The Good for Nothing," Miss DENIN and LEFFINGWELL are very funny.

The great play of "Camille" is in rehearsal.

MILWAUKEE LIGHT GUARD—STAFF APPOINTMENTS.—The Milwaukee Light Guard have elected the following gentlemen to fill the different places in the Staff of the Corps:

Adjutant—JOHN L. HATHAWAY.
Quarter Master—JOHN NAZRO JR.
Paymaster—JOHN C. STARKWEATHER.
Surgeon—DR. LEWIS MCKINNUR.

The Guard have now upwards of eighty active members on their roll, and will soon be strong enough to be organized into a Battalion.

MORE HEALTH OFFICERS APPOINTED.—Two more Health Officers were appointed by the Council Monday evening, at salaries of $40 per month. They were for the 2d and 5th Wards. This is adding unnecessarily an additional burden of $80 per month upon the Tax-Payers. The Police, whose duty it now is to enforce the ordinances, remove nuisances, &c., are numerous enough, well enough paid and have sufficient leisure to attend to all the business usually devolving upon Health Officers.—Either, then, the Police force should be diminished, or these Health Officers abolished. There is no necessity, or excuse for both.

AN EXCELLENT APPOINTMENT.—The Common Council on Monday night unanimously elected R. N. AUSTIN, Esq., as Justice of the Peace for the Fourth Ward in place of N. A. MILLARD, resigned. They could not easily have bettered this selection. Mr. AUSTIN is amply qualified to fill the office with credit to himself and satisfaction to the public.

CONSUMPTION CURABLE AT LAST.—We are happy to see that the statements made by Dr. Robert Hunter, of New York in his "Medical Specialties" of January and April showing the steady decrease of deaths from Consumption since his introduction of the treatment by Medicated Inhalation—are confirmed in the fullest manner by the New York papers.

The Tribune of 29th April, among others, comments on the gratifying facts—and observes that considering the population of the city is rapidly increasing, and that the temperature of the first three months of the current year was uncommonly severe, such as is accounted trying to fragile and worn out constitutions—this exhibit argues increasing capacity and skill in the Doctor's contest with the insidious destroyer—Consumption.

It certainly is a subject of general congratulation. may14w349-lit

THE BEACON LIGHT.—We hope that somebody will take measures to have the beacon immediately replaced on the end of the government north pier. It is understood that by some brilliant arrangement or other, the lights all along this shore are in charge of the Collector at Chicago, and we cannot see the propriety of such an arrangement at all. Why the Collector here is not as competent, and quite as ready to see to the lights at this port as is somebody else a hundred miles away is one of those mysteries to, which are past solution. We *must* have the light replaced, or the disasters occurring for want of it will be more in value than a thousand such structures.

CORN EXCHANGE.—The members of the Corn Exchange held their election yesterday, after adopting a Constitution and sundry bye-laws. It was agreed that the time for the daily meetings be fixed at from 9 to 10½ A M. The following persons were chosen officers:

President—L. J. Higby; *Vice Pres't*—S. T. Hooker; *Secretary*—A. J. Aikins; *Treasurer*—Mr. Fowler was elected, but declined, and H. Nute was chosen.

Directors—Chas. Cooke, P. R. Storm, E. Elliott, H. Holland, T. Scurr, H. Hill, A. L. Hutchinson, W. Sanderson, B. Nute, H. Wheeler, J. M. Holmes, W. R. Cutler, H. S. Pomeroy, E. Hibbard, P. P. Elmore.

Arbitrators—J. J. Talmadge, N. G. Stores, H. H. Harrison, M. Nichols, D. Newhall.

FOR COLLINGWOOD AND THE EAST.—The fine steamer *Key Stone State*, Capt. Richards, leaves Higby's pier at 8 A. M. to day, for Collingwood; being the first boat of the line for the season. For passage apply to John Gridin, on Huron Street, near the American Express Co's office.

GREAT THROWING.—Engine Company No. 1 were out with their new and powerful machine, last evening, and with only 80 men on the brakes, threw a stream out of 190 feet hose and a seven-eighths inch nozzle clear over the Cathedral tower on the Court House Square. This is rather the tallest throwing ever done by an engine in this city.

MEETING OF THE SUPERVISORS TO-DAY.—We were informed yesterday that the Board of Supervisors meet this morning, at the Court House, for the transaction of General business.

BRICK.—Those who want brick, and their name is legion about these days, are referred to the advertisement of L. J. MERRICK & Co., in to-day's paper.

CRAMPTON

Great Auction Sale!

101 Lots for sale at Auction!

J. H. CRAMPTON will sell to the highest bidder, at the Auction Room, on Wisconsin street, commencing on the 20th inst., at 10 o'clock, A. M.,

One Hundred and One Lots,

being the subdivision of a part of Hubbard & Pearson's addition to the First Ward of the city of Milwaukee.

Terms of sale—1-4 cash, the remainder in 1, 2, 3 and 4 years, all to bear interest.

The above property is too well known to require puffing—it is located on one of the highest points between the Lake and Mill River, and commands a fine view of the eastern terminus of Divis on street, where sales are made daily at from four to five thousand dollars. Five minutes walk from the Center and business part of the Second Ward and connected with the large manufacturing establishment of the Milwaukee and La Crosse and Horicon roads, by the Plank road below, which will be completed and ready for use by the middle of June next, and will open an avenue for a large amount of travel from the North, and make the streets upon which this property is located an important thoroughfare to the city. Water street is already graded to this point, with Glass, Marshall and Astor streets graded and planked; sidewalks made to within one or two blocks, to be continued through to Water street. And the new bridge during the coming season.

This is an opportunity that will never again be offered, to those having one or two hundred dollars to secure themselves a home, with *four years* to pay and low interest.

Maps will be in readiness for distribution in a few days. may7

VOLUME XI. MILWAUKEE DAILY SENTINEL WEDNESDAY MORNING, MAY 14, 1856. NEW SERIES

"Grand Scheme of Emigration."

The "Brewers" should to "Malta" go,
The "Bloobles" all to "Scilly,"
The "Quakers to the "Friendly Isles,"
The "Purriers" to "Chilli,"
The little coasting, carrolling "babes,"
That break our nightly rest,
Should be packed off to "Bally-loo,"
To "Lapland," or to "Brest,"
From "Sir" "Head" "Cocks" go o'er to "Greece,"
And while the "Miser" waits
His passage to "Guinea" coast,
"Spendthrifts are to the "Straits,"
"Splinters" should to the "Needles" go,
"Wine-bibbers" to "Burgundy,"
"Gourmand" should lunch at "Sandwich Isles."
"Whigs" at the Bay of "Fundy"—
"Backsliders flee to the "United States,"
"Maids" to the "Isle of Man,"
Let "Gardners" go to "Botany" Bay,
And "Stockbrokers" to "Japan,"
Thus emigrate—and misplaced men
Will then no longer vex us,
And all who ain't provided for,
Had better go to Texas.

CATCHING IT IN RHYME.—"The pen with which the treaty of peace was signed was pulled from the wing of an imperial eagle in the Jardin des Plantes, by M. Feuillet des Conches, chef du bureau des protocole."—*Globe.*

As the arrow that brings down the eagle may bear
That eagle's own feather to guide it to barbed sting,
So the pen that now stops the French eagle's career,
Is properly plucked from the French eagle's wing.

Berenger's last is an epigram upon the birth of the Imperial Prince:—

Il est Hollandais par son père,
Il est Prussien par sa grand mère:
Il est Anglais par alliance,
Il est Espagnol par naissance.
Quelle incertaine en chance
Qu'il ne manque à l'enfant de France,
Que d'entre tant soit peu Français.

A dreadfully bad translation by Councilman Wild runs thus:—

He's Father's a Dutchman,
Its grandmother's Scotch,—
It's English by treaty—
A dreadful *hodeh pot*,
For the family blotch,
Oh, unlucky chance,
With so little of it French
It should be *child of France*.

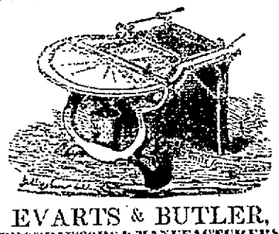
EVARTS'
PATENT SHINGLE MILL



EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS.

THE EXCELLENCE OF THE WORK WHICH GIVES th e Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which the wood is fed in that direction gives it speed of execution; and the flexibility of the shingle without injury relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill will be worth seventy five cents per thousand higher than any other sawed shingle.

The mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.
